

Liberty Dock™

*Spend more time on yourself....
and less on your dock.*

*Docklaration
of Independence*

Declaration of Independence

When in the course of building a dock, it becomes necessary to ask for more from a supplier, we at Outdoor Technologies Inc. pledge to deliver more.

We hold these truths to be self-evident:

That not all docks are created equal.

Liberty Dock™ provides an unbeatable combination of strength and beauty with an attractive Woodgrain textured finish (available in 12", 16" and 20" lengths in white, gray, and tan).

That easy installation is a right, not a privilege.

There are no awkward clips or fasteners to lose, so Liberty Dock™ installs quickly and easily. The Liberty Dock™ channel cover beautifully masks and protects fastening screws.

That premium features don't have to mean premium prices.

Liberty Dock™ is competitively and affordably priced.

That homeowners should enjoy freedom from tedious dock maintenance.

The vinyl formulation of Liberty Dock™ means that maintenance chores like painting, staining, sanding and repairing are no more.

Another revolutionary solution from
OUTDOOR TECHNOLOGIES INC.
